ROBSON SAMPAIO

DATA ENGINEER

(11) 97293-7080 · contato.robsonallef@gmail.com · robsonsampaio.vercel.app

PROFESSIONAL PROFILE

Data Engineer with two years of experience building efficient pipelines and automating processes using Python, Airflow, and SQL. I have analytical skills to interpret data, enhance its quality, and use it in predictive analyses.

OBJECTIVE

To leverage my expertise as a Data Engineer to contribute to innovative projects, designing and implementing efficient data pipelines, and utilizing analytical skills to drive insightful decision-making processes.
